Proceedings of Patent Board

Director, Aircraft Radio Laboratory,
Wright Field, Dayton, Ohio

1. When considering an invention with a view to filing application for patent under the provisions of Par. 5, AR 850-50, the following information is necessary:

- a. Whether or not the invention has military value.
- b. Under which class, as described in Par. 6, AR 850-50, the invention should be placed.
- c. Whether or not the interests of the service demand a complete assignment.
- d. Whether or not the inventor desires to obtain a patent under the provisions of Par. 5, AR 850-50.

2. It is requested that the Patent Board of your Laboratory include this information in the findings of its future reports.

By order of the Acting Chief Signal Officer:

Louis B. Fender,
Lieut. Col., Signal Corps
