

September 24, 1936

Colonel Joseph O. Mauborgne,
Signal Corps,
Aircraft Radio Laboratory,
Wright Field,
Dayton, Ohio.

Dear Colonel:

This is just a short note to acknowledge receipt of your letter of September 16, and to thank you most sincerely for the trouble you went to regarding the same. I think the situation will straighten itself out all right.

I am feeling very much better and hope to continue to improve. I found it necessary to ask to be relieved from most of the administrative details for a while, so that I could feel a little bit easier in my mind and get back some poise.

With very best regards and many thanks, I
am,

Sincerely yours,

William F. Friedman.
