TCOM (3)

M/R: The reference requested that MSA confirm the necessity for a classification of TOP SECRET with limited access control for the Interim Defense Maticmal Communications Control Center (IDECC). Based on the proposed design of the Intelligence Network Display Board at that Center, and the types of information that would be stored in the computer thereat, the classification and security requirements indicated herein were stated by MSA representatives (Captain Enderlin, DIR/TCOM and Col. Willard, AG) at a conference with DCA representatives on 7 November 1960. This correspondence was coordinated with Mr. Arnold, AG by Mr. Davidson, TCOM.

H. P. Funke, TCOM-1, 32958, 14 December 60, vad
