Dear Miss Janssen,

I was sorry to have missed the farewell party for you on the last day of your service with our group. As you may know, I was at Maxwell Field in Georgia that day and was unable to be present and give you in person my greetings and very best wishes.

Now that you have retired, I hope that you will find a steady improvement in your eyesight, a thing which rest and quiet may well bring. I should like you to know that your long and faithful service in the Government has been appreciated by those with whom you have worked, and by me.

Mrs. Friedman joins me in extending to you our best wishes for a long and happy retirement, and for your continued health and well being.

With most cordial greetings, I am,

Sincerely yours,

Miss Nettie Janssen,
