1. AS-14 ATTENTION: Mr.	AS-80 Rhoads	18 Dec 46	Personnel Rotation
<p>1. In accordance with the discussion held in the meeting on Monday, 9 December 1946, there is submitted herewith a statement with regard to personnel rotation.</p> <p>2. It is believed that the intention of the program desired by Colonel Hayes is to permit a small group of technical employees within the Agency to acquire as varied and comprehensive a background as possible in order that they may serve as a nucleus for any future large-scale expansion. In that regard, the following individuals are listed as worthy of consideration for rotation to assignments in all three operating Divisions:</p> <p style="padding-left: 40px;">Dr. A. Sinkov, Chief, Security Division                  Mr. H. L. Clark, Assistant Division Chief                  Mr. F. C. Austin, Chief, Methods Branch                  Mr. A. W. Small, Technical Consultant, Methods Branch                  Mr. R. A. Page, Chief, Analysis Section</p> <p>3. Apart from individuals who may serve in all three Divisions, there are others who could be considered for a partial program of rotation. For example, Mr. Kuhn, Chief, Maintenance Branch, and Mr. Brann, Chief, Long Range Planning Section, could probably derive considerable profit from a tour of duty in Research and Development Division, just as corresponding personnel in Research and Development Division could gain much from an assignment in Security Division.</p> <p>4. However, there are several positions within the Division which at the present time are either filled by officers or vacant. The civilians who would at a later date occupy these positions could well be considered in this same general program. From that point of view, the following job titles are listed for comparison with other positions which could serve as a basis for future rotation:</p> <p style="padding-left: 40px;">                     P2 Chief, Technical Staff                      P4 Chief, Current Planning Section                      P6 Chief, Protective Branch                      P4 Chief, Traffic Analysis Section } Copy                      P5 Technical Consultant, Maintenance Branch                      Capt Chief, Engineering Section, Maintenance Branch                 </p> <p style="text-align: right; padding-right: 100px;">                       A. SINKOV                      Chief, Security Division                      Extension 241                 </p>			

**CONFIDENTIAL**
