MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

Attention: Colonel Huntington Sheldon

It is requested that appropriate arrangements be made for a special intelligence clearance for Mr. J. Patrick Coyne, the NSC Representative on Internal Security.

This request is based on the fact that Mr. Coyne, in the performance of his duties as a member of the NSC staff, is required to have some access to such intelligence because of safeguarding functions which are performed with respect to it in our offices, and because he is required to handle some of it on a substantive basis in the performance of duties directed by the NSC and Mr. Robert Cutler, Special Assistant to the President for National Security Affairs.

Attention: Colonel Huntington Sheldon

It is requested that appropriate arrangements be made for a special intelligence clearance for Miss Evelyn Raper who performs secretarial duties in the office of Mr. Robert Cutler, Special Assistant to the President for National Security Affairs.

This request is based on the fact that Miss Raper is employed on a full time basis in the office of Mr. Cutler and on the fact that she functions as an alternate to Mr. Cutler's Secretary (Mrs. Lois Lacy LeMenager) in which capacity she is required to handle, among other things, special intelligence data. (Mrs. LeMenager already has a special intelligence clearance as you know.)
