MEMORANDUM FOR THE MEMBERS OF USCIB:

Subject:

Reference: USCIB 29.11/11 (Item 3 of the Agenda for the 109th Meeting of USCIB).

1. In requesting that the enclosure be distributed to USCIB for information, the NSA member of USCIBEC advised the Executive Secretary as follows:

"The Inclosure is a memorandum from the Acting Deputy SUSLO, London, serial USLO-4478/DIR-122, subject,  Visit to the U.S. (sic), dated 13 December 1954. '151710/11,' appearing in the first line of the quoted portion of the Inclosure, is the date-time group under which the message approved by USCIB in the reference was forwarded to the Director, GCHQ.

"You will note, in the quoted paragraph 2 of the Inclosure, a reference to cryptanalytic training manuals which will be the product of combined US/UK discussion in accordance with paragraph 3 of 151710/11. This refers to the sentence: 'US is drafting a prospectus of such training which will be presented to LSIB in near future,' included in paragraph 3 of 151710/11 at the suggestion of the CIA member in an alternative draft considered in connection with the reference. Although the decision recorded in the reference fails to assign specific responsibility to any member for the formulation of this prospectus, it would appear that NSA is the organization best suited to perform that function. Accordingly, the Director has ordered the preparation, within NSA, of prospectuses of cryptanalytic training courses available at the CONFIDENTIAL/MODIFIED level for consideration by USCIB. It is anticipated that the prospectuses so developed will be completed in the near future."

2. THIS DOCUMENT AND ITS ENCLOSURE CONTAIN COMMUNICATIONS INTELLIGENCE INFORMATION AND SHALL BE HANDLED ONLY IN CHANNELS EXPRESSLY PROVIDED FOR COMINT.

SUBJECT NUMBER

USCIB: 29./11      Item 4 of the Agenda for the 22nd Meeting of USCIBEC,  
held on 2 December 1954.

Subject:            Procedure for Handling Intercept Base Rights Problems.  
(USCIB 29./7; 29./10)

THE CHAIRMAN stated that he has been in contact with the Chairman of the Ad Hoc Committee established to study this problem, who advised that the Committee has experienced some difficulty in the matter, making it impracticable to submit a final report at this time. He informed the members that the ad hoc report will be available for study in advance of the January meeting, and asked if the members would accept the interim report with this understanding.

The members agreed.

DECISION: (2 December 1954) USCIBEC accepted the interim report contained in USCIB 29./10, with the understanding that the Ad Hoc Committee's final report will be available for consideration at the January meeting.

This item to remain on the agenda.
