

**MEMORANDUM FOR RECORD.**

Application for patent serial number 132,546, of Boris C. W. Hagelin,  
Classified as Improvement on the cryptographic device H-209.

The case was considered at a conference, 1 April 1952, called by  
Colonel Hurry and attended by

Mr. Martin, O4  
Mr. Douglas, 12  
Mr. Friedman, OOT  
Captain Harper, O2  
Mr. Hallback, O3  
Colonel Hurry, O/2  
Mr. Shaw, O4  
Mr. Sidorov, O2  
Colonel Sears, O4  
Mr. Staffer, O3,

and it was decided that, since the disclosure now required no  
classification, a recommendation should be made for the granting of  
the petition for Reversion of Secrecy Order, made by the applicant.
