

Palo Alto, Mar. 28, 68

Dear Elizabeth and Bill,
Here are the pictures, which
were taken during my visit
with you. I think Bill looks
quite chipper.

Here we have sun and balmy
weather, and I enjoy my recreation
with my girls and with Ingrid's
children very much.

Today in a week's time I shall
be starting on my journey to
Sweden. I wonder what kind
of weather I shall encounter there.

With affectionate regards
Sincerely yours
