CONTIAL.

Mr. S. V. Durvell

PL 86-36/50 USC 36

Boar Mr. Dunsell:

The Director, Mational Security Agency, has informed me that you have accepted his memination to membership on the Electronics Panel. of the Mational Security Agency Scientific Advisory Board (MSASAB). As Chairman of the MASAB, I would like to express my gratification for your ready acceptance of the momination.

Although the spring secting of the Board which was referred to in the Director's last letter to you has not get been held, there are cortain eross in which panel action can now be initiated. Specifically, we intend to make a special study of certain types of general purpose flexible analytic equipment. Such equipment is important in the analyais of various devices of direct concern to the Agency, and it is felt that we can make a genuire contribution to this effort.

It is boped that Prof. J. Forrester, Mr. John Mcward, Mr. J. Desch, Dr. Claude Shannon, and yourself, all prospective panel members, will be able to davote some effort to this study. Mr. John C. McThargon, Vice President, International Business Machines Corporation, 590 Medison Avenue, New York 52, New York, and Chairman of our Electronies Panel, has accepted the chairmanship of this group.

If you will advise me of your probable availability in the rendenably mear future for this effort, I will inform Mr. MePherson, who can then confer with you on the steps necessary to initiate such a study.

Sincerely,

ccl AG

B/ASST (Mr. Friedman)

S. S. CAIRIN

Chairman

Chrom, MEASAB (Dr. Cairns) MEA Scientific Advisory Board

MIR: Invitation to Mr. Dunwell to join a group under the chairmanship of Mr. McPherson (Electronics Panel, MBASAB, Chairman) to make a special study of certain types of general purpose flexible analytic equipment.
